STANDING ORDER ON TELEPHONIC APPEARANCES,

DATED October 1, 2019

The Court will liberally grant attorney's motions to appear telephonically. Motions to appear telephonically must be e-filed and a proposed order must be sent through courtMAP.

Motions and Orders must be filed at a minimum of 72 hours before the hearing.

Proposed Orders must provide a contact number for counsel and reflect that the call will be initiated by the Court at the end of the calendar.

Attorneys should carefully consider the evidentiary issues that may arise when they (or witnesses) appear telephonically.

Parties may **not** appear by phone for small claims pre-trials, calendar call, or pre-jury conference.
